- **Assistant Director:** Professor Dan Alsop and Professor Kathy Carlson
- **Teaching Coordinator:** Licenciada Marcela Ruíz

#### **Assistant Teaching Coordinator:**

- **Family Coordinator:** Señora Vicky Guzmán de Aldana

#### **Required Materials for course:**

Small two-subject notebook for daily journal and note-taking

#### **Course Description:**

The principal objective of this three-week trip is to give students an authentic experience in the Spanish language and Mexican culture in Guadalajara, Mexico. Students will increase their language proficiency in Spanish and expand their knowledge of the Mexican culture by living with a carefully chosen host family (2 students per home) and interacting with a team of experienced teachers in Guadalajara. This program consists of five hours of daily one-on-one oral/aural practice with teachers from Guadalajara. The city of Guadalajara serves as the classroom for students to observe and learn about its people, culture, history, and language. Students meet each morning in the historic city and are paired with a different teacher and cultural tour. The rotation of teachers and guided tours exposes the student to a wide variety of accents, personalities, and aspects of Mexican culture. In addition to daily classes, other activities, such as a weekend trip to Puerto Vallarta, classes in ceramics, cooking, singing, and dance (students will exhibit their artwork and present their dances/songs learned to teachers/families at the final party), and family/teacher/student social gatherings, are important components of the program. Upon return from Guadalajara, all participating students will contribute to the trip web page and present a cultural perspective of their experience abroad to the campus community.

#### **Course Objectives:**

1. To learn about the Hispanic people and culture through daily interaction with Mexican teachers and family.
2. To become more confident and comfortable in speaking and listening.
3. To learn the history and culture of Guadalajara, México.
4. To challenge yourself mentally and physically in this new environment.
5. To allow yourself to consider other perceptions of the world that may challenge your current stance.

## Evaluation of Performance:

### ◆ Participation and Effort (prior to and during trip) 50%

This includes, but is not limited to the following:

- Attendance at (3) **Mandatory** Meetings prior to trip / Meeting deadlines on paperwork and organizational materials.
- High Level of Professionalism/Responsibility/Maturity
- General positive attitude toward new experiences and Mexican people.
- Respect for the culture, coordinators, teachers, roommates and others in group and program in general.
- Honoring language code (Spanish at all times, except in the case of emergency).
- Honoring the **signed** responsibility contract, which includes honoring the alcohol/drug policy and all other rules listed and initialed by participant & parent/legal guardian
- Prompt return of all documents needed for travel and meeting general deadlines for materials (prior to trip and during it) and every day attendance while on the trip.

### ◆ Formal 5 Minute Oral Presentation in Spanish (while in Guadalajara) 30%

The formal oral presentation functions as a culminating activity that allows the student to reflect upon what she has learned from the daily tours and interactions with the Mexican teachers and other people. The topic, formal in nature, must treat Mexican culture **respectfully** in some shape or form. You may choose to examine your comprehension/perception about Mexican history, art, religion, politics, family, food, etc. You will be allowed a note card with **five to seven key words**, but you will be penalized **severely** for simply reading off the card. The daily notes you take on the tours and the journal you keep should assist you in preparation for your presentation.

**The oral presentation will be based on the following criterion:**

Selection of topic	25%
Preparation of topic	25%
Presentation of topic / Communication of idea	25%
Enthusiasm	25%

### ◆ Create Trip Webpage 10%

### ◆ Signed Contract Returned *By Date Requested* and Quiz (to be taken before trip in final meeting) 5%

Based on contract rules and discussion in mandatory meetings

### ◆ Journal and Notes (to be written in Spanish) 5%

Each student will be required to keep a trip journal (1 entry per day (1/2 to 1 page) that charts her three-week odyssey in Mexico in the following manner: Her **personal observations/insights** about tours/people/history/culture, **critical incidents** that highlight a learning experience (good/bad) and how you responded to it, and **general reflections** on the culture and the experience. Further, students need to bring the notebook with them each day to class to take notes on what they learn (may serve in preparation for your oral presentation and for the Rally). Also, students may wish to jot down new vocabulary words/expressions. The journal will be collected and evaluated at the end of the three-week tour, but I anticipate that the entry data will be a daily

process. Points will be reduced from this portion of the final grade if it is clear to me that the student did not take the time to write an entry, *at the very least*, every other day.

**Duration of Trip:** The group will depart Saturday, January 6<sup>th</sup>, 2007 and return Saturday, January 27<sup>th</sup>, 2007. Monday, January 29<sup>th</sup> we will work with Vicki Mast in TLTC about setting up the webpage. All web pages/materials are due by January 31<sup>st</sup>, 2007 to be assessed for a grade.
